REGULAR SCIENTIFIC SCHOLARSHIP
ANNOUNCEMENT AUTUMN SEMESTER OF THE
2026/2027 ACADEMIC YEAR

The Faculty of Science Scholarship Committee (TTK KÖB) of Eötvös Loránd University (hereinafter: ELTE) announces an application for the **regular scientific scholarship** for the autumn semester of the 2026/2027 academic year, based on Section 96. § (6), Section 97. §, and Section 101. § of the ELTE Student Requirements System (HKR), considering Section 558. § (2) of the HKR.

1. Objective of the application:

The aim is to support students of the Faculty of Science (hereinafter: the Faculty) who, alongside their studies, engage in scientific activities that exceed curriculum requirements.

2. Eligible applicants:

Students who can apply for the scholarship are those who are enrolled in **full-time education**, have an **active student status**, and are pursuing their studies at the Faculty in either:

- Bachelor's or Master's degree programs, or
- Integrated (undivided) programs.

Students with guest student status are not eligible for the scholarship!

Students receiving a National Higher Education Scholarship (NFÖ) or a University Research Scholarship Program (EKÖP) for the 2026/2027 academic year cannot apply for the Regular Scientific Scholarship in the autumn semester of the same academic year due to overlapping activities.

3. Place and time of application:

Applications can be submitted through the Neptun system under the Administration menu – Requests submenu.

KARI ÖSZTÖNDÍJBIZOTTSÁG

Application period: September 3, 2026, 8:00 AM – September 10, 2026, 4:00 PM

Correction period deadline: September 16, 2026, 4:00 PM!

General rules and information on corrections:

Corrections can be made after submitting the application and receiving a request for corrections. Corrections can be made under the Neptun system's Administration menu – Requests submenu – Submitted requests tab by clicking the + sign next to the application and selecting the Correction command. The applicant can see which documents or data need to be corrected or supplemented.

Only one opportunity is provided for corrections. Once the applicant finalizes their correction, the Committee will evaluate the application based on its content.

Missing the deadline results in the loss of the right to apply!

4. Additional conditions and application method:

Detailed information about the required documents for the application, the scoring system, and the regulated framework for evaluation can be found in the attached document (Appendix 1).

Applications can only be submitted for scientific achievements obtained between February 10, 2026 and September 10, 2026!

The minimum requirement for the acceptance of the submitted application is that the student's weighted grade average in their last active semester must be at least 4.00.

5. Amount, evaluation, and scoring:

The Committee ranks the evaluated applications according to the attached scoring system, setting a **minimum and maximum score limit and a point value**, considering the semester's total budget. Students who do not reach the minimum score are rejected. The amount corresponding to the maximum score is also the maximum monthly amount that can be granted.

6. Results of the application:

Applicants will be notified of the results through a personal message in the Neptun system.

The student will receive the scholarship for five months.

The personal data provided during the application process may be processed and used solely for the evaluation of the submitted application by the TTK KÖB members and their designated persons, following the relevant regulations. For data management and protection issues, applicants can turn to the National Authority for Data Protection and Freedom of Information or seek judicial remedy.

7. Legal remedy procedure:

An appeal against the decision can be filed within 15 days of the notification (from becoming aware of it), which must be sent to the e-mail address hjb@kancellaria.elte.hu, with the indication "For the Student Redress Committee". The activities of the Student Redress Committee exclusively cover the remedying of legal violations affecting students and decisions contrary to university regulations. As a body acting at second instance, the Student Redress Committee cannot exercise fairness and does not decide on fairness requests. The mandatory content elements of the appeal are: the student's name, Neptun code, address, e-mail address, name of the constituent faculty, and the identifier of the decision against which the student wishes to appeal. The appeal must indicate which provision and which part of the first-instance decision the student objects to. From now on, a precise request must be submitted regarding the extent to which the Committee should change the contested provision or part of the first-instance decision and for what reason. The Student Appeals Committee will communicate its decision to the student through the Neptun Unified Study System, and its decision can be accessed under the Official Entries tab in the Studies menu – Progress menu.

The resolution containing the decision of the TTK KÖB can be found in Neptun, in the application submitted by the student, after being notified of the results of the application.

8. Transfer:

The awarded grant can only be paid if the applicant's bank account number, tax identification number and place of residence (in Neptun: permanent address) are listed in Neptun. In the absence of any of these data, payment is not possible. If the applicant does not record or correct the data required for payment in Neptun by the third payment attempt, he/she will lose his/her entitlement to the awarded scholarship.

9. **Important information on proper documentation:**

The TTK KÖB accepts only electronic documents in PDF, JPG, JPEG, and PNG formats. Documents in DOC or DOCX formats are **NOT** accepted.

Documents requiring signatures and seal are valid only if the signature and the seal verifying authenticity is clearly visible and readable in the electronic document. Multi-page documents are valid only if all pages are uploaded.

Non-Hungarian documents require a translation/summary in Hungarian, except for English documents.

The size of each uploaded document must not exceed 2 MB.

Applicants are reminded that providing false information may result in disciplinary and/or legal proceedings!

For further information and inquiries, applicants may contact palyazati@ttkhok.elte.hu or visit the Northern Student Office in person.
